FitBuddy – AI Fitness Plan Generator
Naan Mudhalvan Project | FastAPI + Google Gemini + SQLite

Aliya S (Team Leader), Prithika S, Sujithra P, Supriya V

Problem statement

Beginners want a workout plan that fits their goal and fitness level, but trainers are costly and generic plans found online are not personalized.

Project problem

A simple web application is needed that accepts basic fitness details, generates a structured 7-day workout plan using Generative AI, and lets the user request changes.

Target users

Students, working people and beginners who want a personalized weekly workout plan with a practical nutrition or recovery tip.
